

Default Question Block

Town of Hillsborough and Stanford University Water Use Survey (for Kids!)

Kids, please work with your parents to complete this survey together!

Your participation in this research about water use is completely voluntary. You have the right to withdraw your consent or discontinue participation at any time. Your individual privacy will be maintained in all published and written data resulting from the research. If you agree to participate in this research, please select the "Yes" button below and proceed to complete the online survey.

CONTACT INFORMATION:

Questions: If you have any questions, concerns or complaints about this research, its procedures, risks and benefits, contact the Protocol Director, Greg Walton at gwalton@stanford.edu.

Independent Contact: If you are not satisfied with how this study is being conducted, or if you have any concerns, complaints, or general questions about the research or your rights as a participant, please contact the Stanford Institutional Review Board (IRB) to speak to someone independent of the research team at (650)-723-2480 or toll free at 1-866-680-2906. You can also write to the Stanford IRB, Stanford University, MC 5579, Palo Alto, CA 94304.

- Yes
- No

Join in, Hillsborough Kids!

71% of homes in Hillsborough reduced their water use last year.

Here's a fact, kids!
71% of homes in Hillsborough reduced their water use last year.

What is your parents' Water Use Report Site ID number? They can find their ID# on the top right corner of their Town of Hillsborough Water Use Report.

Water Use Report

SiteID:
December 2010

If they don't know, please write their:

Name	<input type="text"/>
Address	<input type="text"/>
Address 2	<input type="text"/>
City	<input type="text"/>
State	<input type="text"/>
Zip Code	<input type="text"/>

A lot of people in Hillsborough are saving water. Ask your parents why it's important to save water. Is your family saving water too? Please check one box:

- Yes
- No
- We plan to save water

These are some ways kids can save water. Which of these things do you do?

- Washing your bike with a sponge and bucket of water instead of a hose
- Telling your parents when you see a leaky faucet or toilet
- Taking shorter showers (you can save up to 10 gallons of water a day!)
- Turning off the tap while brushing your teeth (you can save up to 10 gallons of water a day!)

Kids in Hillsborough save water by not leaving the faucet running and by telling their parents when they see a leak. What sort of things do you do?
